WORK EXPERIENCE

Nacasky Company Limited - Front-end Developer
September 2021 – Present

- Successfully led the development of the official ticketing system for STC Ghana.
- Collaborated effectively with a cross functional team, to bring the UI design to life for a platform for raising funds and for social media influencers to connect with their fans.
- Translated the UI design vision of a school management system into a functional and user-friendly interface, ensuring it met the specific needs of school administrators, teachers, students and parents.

Freelance Web Developer- Web Developer
August 2020 – September 2021

- Built and deployed a Crypto currency tracker with a built in converter, which provides an updated daily crypto prices, coin stats, market trends and crypto charts. The platform was developed to seamlessly integrate with major crypto currency exchanges and APIs, ensuring accuracy and reliability of pricing and market data.
- Built and deployed a responsive and user-friendly video sharing platform, ensuring seamless video content streaming and sharing experiences.
