WORK EXPERIENCE

Brox Technologies (Intern) - Front-end Developer
September 2022 –December 2022

- Coordinated with a team to develop a platform for raising funds (Nokofio.me) and for social media influencers to connect with their fans.

PROJECTS

- Built and deployed a Crypto currency tracker with a built in converter, which provides an updated daily crypto prices, coin stats, market trends and crypto charts.
- Developed the UI for a school management system, standardizing all output with a responsive mobile-first approach and strategy, which is highly optimized and lightning fast to load.
- Developed the official website of Christ Glory Ministries.
- Built and deployed a modern YouTube clone application.
- Currently developing a full stack e-commerce website with an admin panel and e-commerce front.
